OVERVIEW

Experienced digital, web, and print production designer with over two decades of professional expertise. For the past 15 years, I have played a crucial role in driving the creative direction and success of leading music industry brands like Gibson and Epiphone, Centric Entertainment (a privately owned multimedia company), The Grand Ole Opry, and Circle, an award-winning music television network. My contributions encompass designing, developing, and delivering strategic assets for both physical and web-based platforms. Throughout my tenure at these organizations, I have progressively expanded my responsibilities and influence, ultimately specializing in digital design, marketing and web design, along with front-end development. I have a proven track record of collaborating with diverse local and international teams to execute a wide array of successful campaigns.
